

**OCCUPY FORT MYERS**  
**Day of Solidarity - 11.11.11**  
**@ Centennial Park**  
**Sat, November 11<sup>th</sup>, 2011 - Noon**

**Occupy Fort Myers** will be holding a rally, **Saturday at Centennial Park at 12pm/NOON!** The *whole world* will be participating in this *peaceful act of solidarity!* Many people from the community are putting aside personal differences and joining for a **common good!** So far, **NAACP, local teachers unions, local postal workers unions and various religious communities** have all come out and shown support! Occupy Fort Myers started raising awareness on October 15th and is still going strong and growing! **We are the 99%!**

As it stands, in the United States, wealth is highly concentrated in a relatively few hands. As of 2007, the top 1% of households (the upper class) owned 34.6% of all privately held wealth, and the next 19% (the managerial, professional, and small business stratum) had 50.5%, which means that just **20% of the people owned a remarkable 85%, leaving only 15% of the wealth for the bottom 80% (wage and salary workers).** In terms of financial wealth (total net worth minus the value of one's home), the top 1% of households had an even greater share: 42.7%. The top 1% of income earners actually pay a *smaller* percentage of their incomes to taxes than the 9% just below them. **This is not class warfare, this is the 99 percent of America standing up.**

*As one people, united, we acknowledge the reality: that the future of the human race requires the cooperation of its members; that our system must protect our rights, and upon corruption of that system, it is up to the individuals to protect their own rights, and those of their neighbors; that a democratic government derives its just power from the people, but corporations do not seek consent to extract wealth from the people and the Earth; and that no true democracy is attainable when the process is determined by economic power.*
